

"New Book Reveals How A *Desperate* Man From Wisconsin (Now *Happily Married To An Actress*) Lost 120 Pounds... *And...* How You Can Do The The Very Same Thing, Here In Texas!"

If you have had it "up to here" with being obese, and you want a *real* way to *permanently* shed 70-to-80% of your excess fat, *without* dieting or phony diet pills... then this is the *most important* message you will *ever* read.

There are 13,449,427 people in Texas who are obese.

Many of them... are *seriously* obese. And the problems *these* people face cause failing health... anxiety at work and in social settings... and in general, makes the quality of their lives pretty miserable. In fact, for some...

Their Situation... Is Critical!

Along those lines, let me tell you a story about "Dan".

Dan has an *exciting* new job... a terrific new wife who is an actress... and an amazing, *positive* and *optimistic* outlook on life!

Plus, he is one of the most cheerful, "at-ease", and *thankful* people you will ever meet!

At first glance, you might think "lady luck" has been smiling down on Dan, putting him in such an enviable position.

But this is *not* the case!

Not at all! In fact, it's quite the opposite. You see, before Dan had all this...

He was at his wit's end, weighing... 389 pounds!

But a year ago, Dan did something about his weight problem. And since then...

He Has Lost... 120 Pounds!

The good news is, the same tried-and-true solution for "massive" weight loss, Dan used... is at last available to *almost* everyone -- including you.

No longer considered "drastic", or reserved for "extreme" cases only, this amazing and life-changing solution, is surgery -- *obesity surgery*.

And if you can qualify for it, reality is... this medically proven process is your *only* possible hope, for permanent weight loss, and for getting a grip on your life again.

Apparently, *many* other people in the same situation agree!

Listen to this: According to The New York Times, "Obesity surgery is one of the fastest-growing medical procedures in the United States." 120,000 of them will be performed, this year *alone*! (That's 10,000 surgeries a month!)

And "Yes!", these *are* the same surgeries famous celebrities like newsman Al Roker... singer Carnie Wilson... and "American Idol" judge Randy Jackson, have all had.

Why is this procedure so popular? Simple:

It Works!

Within 12 months of having this procedure done, most people...

End Up Shedding 70- To 80% Of Their Excess Body Fat!

You see, this surgery *changes* your appetite -- it makes you *less hungry*. And let's face it, the *only* way you will ever lose *any* excess weight *without* feeling deprived...

Is By... Eliminating Your Cravings... For Food!

Dan is so grateful about how this surgery changed (and saved) his life, he has written an eye-opening new book, and assembled an amazing package, that peels back the curtain on *all* his first-hand experiences with "obesity surgery", from start-to-finish.

His book reveals *everything* you could *ever* want to know about obesity surgery, and is *jam-packed* with information you would *never* be able to know... unless you actually went and had the surgery yourself.

Here is a small sampling of what you will find, in Dan's book:

☞ **Dan reveals the *one thing* he should have done differently!** Learn from his mistakes!

☞ **How much weight do you *really* lose with obesity surgery?** Will you *actually* become "thin"?

☞ **Discover, from someone who has walked in your shoes... how it feels when the "thin" dream you have been playing, over-and-over again in your mind, becomes... reality!**

☞ **3 issues affecting almost every obese person.** You are *not* alone, and your thinking *is* normal.

☞ **Your future:** Eyes wide-open, smiling, and *excited* about your weight... your waistline... *and* your appearance!

☞ **4 medical "hurdles" you'll *have* to clear, before having your surgery.** *Without* clearing them, you *must* go back to "square one".

☞ **How long will you be in the hospital and out of work for, after your surgery?**

☞ **How to eliminate diabetes and high blood pressure!** "Yes!" Dan hasn't taken *any* medicine (and hasn't had diabetes *or* high blood pressure) *since* his surgery!

"I have been overweight all my adult life. The problem with eating and exercise programs is, you don't get any one-on-one help from someone who has walked in your moccasins. Dan, you were instrumental in answering my questions and easing my fears. Your book gave me the courage to go through with it... It is truly wonderful to feel this good." Rick Jones - College Place, Washington

☞ **Discover 8 *deadly* medical conditions almost 100% likely to "vanish", after obesity surgery!**

☞ **Will there be ugly surgical scarring?** The answer is probably *not* what you are thinking.

☞ **Why you feel *full* after your surgery!** Hint: It's your new "slimming" process.

Plus, you get the inside scoop on everything *else* you need to know!

You'll also see Dan's photos right *before* his surgery, and then again, 3 months later, after...

79 Pounds Of Ugly Fat Had Literally... Melted Off His Body!

Listen. If you are sick of "wedging" yourself into public restaurant booths, and if your weight problem is holding you back from really "living"... then this book may be your *FINAL* chance at any hope of ever...

Becoming "Normal" Again!

This package is *not* available in stores and it is also *not* cheap. But, it comes with 11 very *special* bonuses that make it worth nearly *five times* its cost!

Bonus # 1: "How To Get Your Health Insurance Company To Pay For Your Surgery!"

This report includes the following highly sought-after information, and is **valued at \$500 Dollars**. (What you'd pay for 2 hours of solid advice, from an attorney specializing in consumer health care insurance law):

1. **Your Insurance Approval Process, Step-By-Step!**

2. How To Avoid Delaying Your Insurance Approval! And...

3. **"How To Force Your Health Insurance Company (And The Government) To Become Your "Best Friend": Successful (And 100% Legal) Ways To Overturn Any Insurance Company Denial!"**

Bonus # 2: A special interview with the *most experienced* obesity doctor in America. (**Value: \$17 Dollars**) He has performed over 6,000 weight-loss operations, and in this interview, he reveals:

- **How much weight you will lose, 3 to 4 months... and 9 to 12 months after your surgery!**

- The curious tool that lets you "control" your obesity!

- The difference between "adjustable band" and "gastric bypass" surgery. Which one is best for you? And...

- The 2 foods to avoid, at *all costs...* after your surgery!

Bonus # 3: A curious fable that

"I am a 23 year old college student who is 280 pounds. I have been interested in surgery for some time but after reading your book my interest has gone to another level. I now have something to look forward to - I am on the way to a new life because I am planning to schedule obesity surgery. I have often wondered how to get all the information of finding surgeons or even the insurance for my surgery. I did not have to do much however, it was all spelled out in your book."
Raquel Brown -Brooklyn, NY

puts any dilemma over having your surgery, into perspective.

This gives you a 100% iron-clad, stop-'em-dead-in-their-tracks explanation, for all your friends and family members, who have reservations about... flat-out *disapprove* of... or, who may have a hard time swallowing... your decision to have obesity surgery.

But... once they *understand* what it's been like to walk in your shoes, and what you are going through, they'll give you *all* the support you deserve. (Value: You can't put a value on being able to sleep at night. This is *priceless*.)

Bonus # 4: "How To Get The Ball Rolling!" (Value: **\$27 Dollars**)

O.K. So now you've done your homework and you think obesity surgery is something you want to start looking into. What's next?

Well, here's a detailed and step-by-step guide that points you in the right direction so you can "get the ball rolling" towards the "new" (or maybe the *old*) healthy you!

But That's Not All!

Dan's book comes to you in a 3-ring binder - for a reason. You'll want to pick up your pen and take reference notes, and mark-up every page where you see unusual and important information, or when something sounds relevant to *you*, or to your situation.

This is *extremely* valuable, *because...* when you order this package, (called "Everything You *Must* Know About Obesity Surgery!") you *also* get the very rare opportunity to...

Speak To Dan Personally On The Telephone!

Yes, now you can pick Dan's brain and ask him any questions or *anything else you want to discuss*, about his experiences.

Dan normally charges \$175 Dollars per session, to share his vast knowledge about obesity surgery. However, as part of this special *limited* offer, your telephone conversation with Dan is **FREE**, when you order this unique package.

It's Easy To Order, Here's How:

Order your book, the 4 exclusive bonuses mentioned (**a \$544 Dollar value**), along with 6 other *very* important health and weight-loss *bonus* reports (**a \$102 Dollar value**), *and* speak to Dan (**a \$175 Dollar value**), with this better-than-risk-FREE money-back **GUARANTEE**:

"If you aren't satisfied, return your book anytime in the next 12-months for a prompt and courteous 100% full refund... no questions asked, and no hard feelings."

Regardless though, all the bonuses (an amazing \$821 Dollar value), *including* your talk with Dan, **are yours to keep, FREE...** just for ordering!

This unique package normally costs \$297 Dollars, *plus* shipping and handling of \$12 dollars. But as part of this limited-time offer, you can order it for just \$177 Dollars, *including* shipping and handling.

That's \$132 Dollars In Savings For You, Off The Regular Price!

To order using your credit card, grab your telephone right now and call toll-FREE, **1-800-508-0677**.

Or if you prefer, you can write out a check or money order made payable to "**Best Reports**", in the amount of \$154 Dollars... and mail it to: **Best Reports (Dep. OTX-1), 1844 North Nob Hill Road #307, Plantation, Florida 33322**.

Your package will be rushed to you by U.S. First-Class Priority Mail. All orders (and all *confidential* conversations with Dan) are fulfilled on a first-come, first-served basis.

And remember, time is *not* on your side here. You will *not* lose weight by simply *thinking* about it... *hoping* for it... or *praying* for it to happen.

So do yourself a favor and order your exclusive package right now! Copyright © 2004 Best Reports
